

THE OCALA EVENING STAR

Weather Forecast: Fair north with probably showers in south portion tonight and Friday.

OCALA, FLORIDA, THURSDAY, NOVEMBER 6, 1919.

VOL. 26, NO. 265

PRESIDENT WILL REVIEW PLANS

Hitchcock Will Lay Exact Situation in the Senate Before Him

(Associated Press)
Washington, Nov. 6.—The president's views on reservations to the peace treaty will be given to Senator Hitchcock, the administration leader, at the White House soon. Mr. Hitchcock plans to lay the entire treaty situation before the president and give his opinion as to what reservations are likely to receive support of a majority of the Senate. The president will say what reservations are acceptable to him. Mr. Wilson has repeatedly said no change in the treaty which would require its renegotiation would be acceptable.

BIG GAINS CLAIMED BY THE BOLSHEVIKI

(Associated Press)
London, Nov. 6.—A Russian bolshevik communication received here reports the capture of Tshim with 1200 prisoners. The communication also claims the capture of 1000 prisoners at Ust. Buzuluk.
Copenhagen, Nov. 6.—The bolsheviks are reported to have recruited 80,000 men from Petrograd alone in organizing the defense of that city, according to a Reval dispatch.

THANKS FROM THE O. H. S.

The Boys' Athletic Association of the high school wishes in this public way to express sincere appreciation to the coach of the football team, Mr. Julian Bullock, and to all the boys in town whose active interest is doing so much for the development of our team. To the business men who have so liberally contributed to financing athletics in the high school we wish also to extend this expression of appreciation.
Ernest Hensley, Chairman.
Robert Hall, Sec'y-Treas.

MEETING OF VETERANS

Marion Camp No. 56, U. C. V., met November 4th, 1919, with W. E. McGahagin commanding.

The following comrades answered to roll call: Alfred Ayer, L. M. Beck, L. M. Graham, L. D. Geiger, W. Kilpatrick, W. E. McGahagin, B. H. Norris, C. C. Priest, John Pasteur, J. D. Small, I. P. Stevens, J. C. Trantham and A. C. White.

Minutes of last meeting read and adopted.

Comrade McGahagin gave a very interesting report of the Atlanta reunion and all who attended speak of Atlanta in the highest terms.

No further business, the camp adjourned.
Alfred Ayer, Adjt.

NATION-WIDE CAMPAIGN OF EPISCOPAL CHURCH

In spite of the rain of Tuesday afternoon, the Woman's Auxiliary of Grace Episcopal church, and the woman's committee for the Nation-Wide Campaign held a joint meeting at the home of Mrs. George Pasteur, which was largely attended.

After the business of the auxiliary had been disposed of, Mrs. Ford Rogers gave a most interesting and instructive talk on the Nation-Wide Campaign. Mrs. Rogers, just returned from the tri-annual convention, which met last month in Detroit, had the privilege of hearing many of this country's most noted speakers, and brought to those who were fortunate enough to hear her, much of the inspiration and enthusiasm which those men feel for the greatest program ever formulated by the Episcopal church.

Fresh mullet and sea trout at the Delicatessen Market, opposite fire station.

RESULT OF POOR RAISING

Youngstown Strike Ladies Threw Pepper in the Eyes of the Officers

(Associated Press)
Youngstown, O., Nov. 6.—Deputies appeared at the entrance of the steel plant today wearing goggles as a protection against a recurrence of the red pepper riots by women which occurred Tuesday and Wednesday, when women strike sympathizers threw pepper in their faces. The women failed to appear today, however.

AMES WILL ACT

Indianapolis, Nov. 6.—The arrival of Assistant Attorney General Ames in charge of the government's injunction proceedings against the striking coal miners, is expected to usher in the next developments in the strike situation here. Attorneys for the mine workers have practically completed plans for their defense against the government's action, and it is understood they will enter a motion Saturday that the entire proceedings be dismissed.

STRIKERS WANT GOVERNMENT TO SURRENDER

Chicago, Nov. 6.—The dispute between bituminous coal mine operators and union miners continued deadlocked today, with the leaders of both the operators and miners agreed that the refusal of the department of justice to withdraw the injunction proceedings against the officers of the miners had swept away any hope of immediate settlement.

REASSURING INFORMATION

Washington, Nov. 6.—Information in the hands of government officials today indicated an increase in bituminous coal production. Further defection of union forces was noted in early morning reports.

Railroad Director Hines reiterated that no community need fear it will be cut off entirely from fuel supplies as long as available stocks are under supervision of the railroad administration.

ATTEMPT TO DISSOLVE THE INJUNCTION

Indianapolis, Nov. 6.—Attorneys for the United Mine Workers today will file a motion in federal court for dissolution of the restraining order to prevent officials of the union from issuing instructions to their striking members.

ENLISTMENTS IN THE ARMY

Samuel J. Rogers of Trenton enlisted yesterday for the motor transport corps. Mr. Rogers is eighteen years of age and expects at the age of twenty-one to be an expert auto mechanic.

Corporal Walter Harris, who has been on temporary duty at the recruiting station here, is relieved and will go back to Miami, that being his permanent station. Private Jack C. Kasell, formerly in a base hospital unit located at Pensacola, will be in charge. Corporal Harris has made many friends in Ocala and they will be sorry to lose him. Mr. Kasell is a Palatka boy, with three years service in the army, and already feels almost at home. The ex-service men in the city will make him feel entirely so.

ALUMINUM WARE SPECIAL SALE

For one day only, Friday, November 7th, we will sell 44-piece Aluminum Ware Cooking Set for \$17.95—98 cents cash and \$1 a week. Sale starts at 9 a. m. B. GOLDMAN, 5-2t

ELECTRA

Electra, Nov. 5.—We have been having some rainy weather.

Mr. Andrew Holton made a business trip to Ocala Saturday.

Mr. Walter Daniels and family and Mrs. Daniels' sister motor from Leesburg and spent Saturday night and Sunday with relatives.

Rev. Padgett gave a fine sermon Sunday and Sunday night. Everybody enjoyed his sermon very much.

We are all glad to hear that our pastor, Rev. Boatwright, is improving and will soon be strong enough to take up his work again.

Miss May Halford spent Sunday at the home of Mr. and Mrs. Lightfoot.

Miss Grace Griggs spent Sunday with Miss Zella Mock.

Mr. William Lippincott, wife and mother arrived last week from Nebraska. All are glad to see them again.

Mr. Oscar Lippincott of Ocala spent a few days here this week with his parents.

SMITH CROWED TOO SOON

Election Returns from Ohio Show Number of the Thirsty to be Overwhelming

(Associated Press)
Columbus, O., Nov. 6.—Late returns today from Tuesday's prohibition election in Ohio seemed to shatter the prediction of Secretary of State Smith that the dries had carried the four prohibition proposals voted upon by majorities ranging as high as 75,000. Unofficial returns from fifty-nine counties, including all the wet centers and big cities, showed wet majorities for all four proposals and unusually large wet majorities against ratification of the national prohibition and state prohibition enforcement acts.

EVANGELIST DUNAWAY PREACHED REPENTANCE

Last evening the largest congregation during the week-day services greeted Evangelist Dunaway as he discussed Bible repentance. The main auditorium was full and the annex had a good size congregation in it. People from ten miles out were present. It was a pointed message from the Bible. Many came forward for prayer and earnestness was indicated to live a true Christian life. The services are doing great good. The evangelist preaches the truth and it hits everybody. This is one of the greatest opportunities to co-operate in the work of God. Won't you come and help?
Services daily at 10 a. m. and 7:30 p. m. Come. Reporter.

OBSERVATIONS

Wise and Otherwise

School has been in session several weeks now. Do you know your children's teachers?

It is better to make some people mad than to please them.

The average woman finds it easier to cut her corns and acquaintances than to cut her conversation.

We wish some of the lay preachers would tell the chicken hens that they have no cause to strike.

Some women are like new bungalows; they need paint to make them attractive.

"The whole world's a stage." Don't you pity the director?

How grand to stay in bed an hour longer and still be up as early as usual.

Something new has happened in the way of prolonging life. But one can hardly call it good news when life is so expensive and full of worry.

"Hard times" for the rich means a house the less or a motor car the less or a holiday the less. But for the poor, it means actual want.

A certain young man is minus an elegant silk shirt because he was too wise in "recognizing opportunity" as he tried to pass him by on All Hallows' even, too bewitchingly garbed in a camoson tissue paper robe, to find a welcome from someone else.

That haircut is being given to Evergreen cemetery at last. Now let the city fix its vacant lots and our citizens spread a little paint on their respective fences and homes and keep them that way.

An Ocala man who saw King Albert in New York declares that the king did not look half as pompous as some of our new rich fellows who are driving their first flivvers.

A sweet little thing from out in the country came to the Halloween dance and had the time of her young life, and when the masks were raised she blushing admitted having been kissed—yes, several times. And to think, she says, "I am fifty-two and these fellows thought they were kissing a sweet sixteen." Ocala boys are about as swift as lightning and aren't any more afraid of masks and things than angels are of a bunch of forget-me-nots. But they are awfully cute and dear.

So long as women insist on keeping house over the telephone and indulge in such haphazard methods of marketing, they will foil their country in its campaign to reduce the H. C. of L. and their families will be the sufferers. Also, it is the woman who seldom enters her kitchen and who never goes to a market, that talks the most at the bridge parties and afternoon teas "of

BIG JOB FOR EX-OCALA BOY

Oscar Hilburn Being Considered as Florida's Prohibition Enforcement Officer

Jacksonville, Nov. 6.—A special from Washington to the Times-Union says: The name of O. P. Hilburn of Tampa, a veteran of the world's war, is now being considered by the United States commission of internal revenue for the position of prohibition enforcement officer of the state of Florida and it is probable that his appointment will be announced at an early date, if he desires to accept the place. It will pay \$4000 a year.

ENOLLAS ANXIOUS TO BEAR THE BURDEN

(Associated Press)

Mexico City, Nov. 6.—Ignacio Bonillas, Mexican ambassador to the United States, will be a candidate for the presidency of Mexico in the election next year, according to a letter from Bonillas, replying to members of the democratic party.

SENORA CARRANZA IS VERY SICK

(Associated Press)

Mexico City, Nov. 6.—Physicians attending Senora Carranza, wife of the president, have given up hope for her recovery. They say she can live only a few hours longer.

APPONYI WILL HEAD HUNGARIAN COMMISSION

(Associated Press)

Budapest, Nov. 6.—Count Albert Apponyi has accepted the presidency of the peace commission which will go to Paris to negotiate the Hungarian peace treaty.

how things do cost," that runs the living cost up. A successful housewife must know the fluctuating values of foodstuffs, before she can hope to rise to the dignity of her legitimate housekeeping business and position as a home maker.

The forests around about Ocala are wonderful these days. So vivid in their autumn colorings of red, brown, gold and green that nothing on earth can equal them save the necktie of an O. H. S. graduate. (We had to write it that way to get in the necktie. The question before the house, is there's an autumn leaf in Marion county.)

From a commercial report we read that "it is the public that is very largely to blame for the present high prices of garments and dress necessities generally." A well known local dry goods store executive has said, "It is not a case of the retailers being questioned about the price of goods these days. The only thing the public seems to care about is whether the retailers have what it wants or not. Consequently the buyers for stores have not gone out of their way to use the power they might otherwise employ in forcing wholesalers and manufacturers to 'trim ship'. The latter continue to talk of the great scarcity of goods and about how things are going to keep on advancing, but well posted buyers have known for a long time that much of this talk is 'bunk'. They have not taken advantage of that knowledge, however, because it is better business not to do so, as long as the public insists on spending its money heedlessly. Lower prices will not come as long as those now in effect are paid willingly."

Slang, the indispensable by-product of Americanized English "as she spoke," has officially become a part and parcel of our language. The latest recognized dictionaries to come from the press give definitions for most of the more popular slang words just as those they had been handed down from the days of Shakespeare. They are not listed in a separate section entitled "Definitions of Slang Words," as has been the case with dictionaries in the past, but the coined words that so ably help an American to express his real feelings are included in the official standard dictionary of the English language.

A current magazine tells us that one reason why more soldiers do not take up farm life is because the girls they are engaged to shrink from farm work. Sentimentality does not seem to help the situation.

We are not telling names and tales, too, but a certain gentleman and his wife motored to Silver Springs a few afternoons ago for the purpose of enjoying a plunge and swim in these invigorating waters. Well, the two of them undressed in adjoining bathrooms and just as the husband was

DON'T FORGET TO REGISTER

And Pay Your Poll Tax if You Wish to Vote in the Ensuing Elections

If you are not registered and want to vote in the bond election and city election, or either, go at once to the city hall and register for the city election; then go to the courthouse and register with Tax Collector Stripling and pay him your poll tax before the city and county offices close Saturday evening. You can vote in the bond election if you are not registered in the city books. Since the county books are open, it is doubtful that you can vote in the city election unless you are registered in the county. You can't vote in either unless you pay your poll tax.

GERMANY THREATENED WITH COMMUNIST RISING

(Associated Press)

Esen, Germany, Nov. 6.—Investigators for Berlin newspapers claim to have discovered plans for a communist uprising to depose the present German government and establish a new one modeled on the Russian plan, which would be associated with the present Russian soviet system.

PLANS FOR SIGNING THE PROTOCOL

(Associated Press)

Paris, Nov. 6.—The supreme council discussed plans today for receiving the German delegation Nov. 10th to sign the protocol, guaranteeing the carrying out by Germany of portions of the armistice conditions she so far has failed to meet.

SENATOR MARTIN IMPROVING

(Associated Press)

Charlottesville, Va., Nov. 6.—Senator Martin slept well last night and was resting comfortably this morning.

slipping on his jersey, his wife called over the partition:
"Oh, dear! What shall I do? I can't find my bathing suit anywhere?"
The husband smiled slightly to himself, and then called back, "Look carefully again, love. Look very carefully. Perhaps you've got it on."

It has been such a long time since there was any need for a Lohengrin wedding march in this city, we are wondering if it would start a riot as it did in New York.

When we see the forests wearing autumn robes of scarlet hue, we are carried back to autumn when we donned this color, too. Down the path of childhood memories we are taken back to days when the hills were garbed in scarlet wheated in mist and golden haze. And along with all this beauty, all charm of gorgeous tint, came the breath of chilly breeze, just a gentle wintry hint. Just about the time that forestets came to give life fresher zest, mother would journey to the attic to her great old cedar chest. Delving deep within its fastness, she would gaily bring to list vesture vieing with the maples when it came to being bright. Though we made an ardent protest, please of warmer days to come, sage predictions on the weather we'd as well have been quite dumb. For of all forordination flannels were the one safe bet. We can see the vivid color, we can feel their prickles yet. So we never welcome autumn with its glow of golden haze but we think of winter flannels that we wore in those good old days. And we never read of bristles on the portly porcupine, but we wonder if his shirts can stick as did those shirts of mine. Where, we wonder, has it vanished, that red garb of other times? Can it be it has been banished to the frigid Arctic climes, and does every north pole kiddie, every fat young Eskimo have to climb into his "flannels" as the bidding of his ma? Then in truth we are sorry for him, and we're mighty glad we're thru hopping into scarlet garments just because the forests do.

November ushered into our evening sky what many will consider the very finest part of the celestial sphere for 1919. A veritable riot of beauty for star-gazers is scheduled for each evening, beginning at sundown next Friday, and continuing through the "conventional hours" of the month. Unfortunately, Ocala has but one telescope, and at this writing we do not know just where it is, but maybe some one else does or can import one for the season. Anyway, your efforts will not prove in vain, if you honestly try to enjoy the mysteries and beauties put forth for the benefit of science and plain star-gazers in the celestial

AMERICAN LEGION MEETS TONIGHT

Bonuses and Other Important Matters to be Discussed at the Meeting

Marion County Post No. 1, of the American Legion, meets in the Board of Trade room tonight at 8 o'clock. This will be the last meeting of the post before the national convention of the legion in Minneapolis, Nov. 10, 11 and 12. It will be the last opportunity, therefore, for the members of the local post to make known their desires to Florida's delegates to the national convention.

One of the questions that will come up for discussion at the meeting tonight, will be that of bonuses. There appears to be quite a difference of opinion among the ex-service men regarding bonuses. A discussion of the same should prove to be very interesting. This discussion is expected to include the various plans for placing the ex-soldiers on lands, and for providing homes for the men. The question of a military policy for the United States is another matter that will come before the national convention.

A communication from national headquarters, New York, on war risk insurance, will be read at tonight's meeting. The Sweet bill providing for amendment of the war risk insurance act has not yet passed Congress. It has passed the House, and is now before the Senate. This bill is backed by the American Legion and is of interest to all ex-service men.

TURKS MAY TUSSELE

(Associated Press)

Paris, Nov. 6.—Possibilities of hostilities between the Turkish government at Constantinople and nationalist forces is held out in a dispatch from Athens.

ANSWER THE RED CROSS CALL

President Wilson announces the third Red Cross roll call. He recommends a generous response to this call, which opened Nov. 2nd.

Citizens of Marion county, do your duty, and when you are solicited, let the "Heart and the Dollar" be forthcoming. Red Cross Committee for Marion County.

sphere. Dr. C. S. Brainin of Columbia University, guarantee you may see many beautiful constellations. Beginning with the "Heavenly Twins," "Castor and Pollux," also the two great magnitude luminaries of Orion and the famed Belt, to the gleaming white Capella of the group of Taurus, containing another magnitude star, Aldebaran and the cluster of the Pleiades and the Hyades. Uranus and Mercury are other gorgeous planets to illuminate the evening sky, the latter being at its zenith of beauty on the evening of Nov. 26th. The first partial eclipse of the moon will be on the evening of Nov. 7th, beginning about 6 o'clock, and emerging from shadow about 7:30. The solar eclipse will be an angular or ring eclipse. This eclipse is scheduled for Nov. 22 at sunrise and will end about 9 a. m. for us. Each evening in the great square of Pegasus will be seen three gorgeous stars, and one from the neighboring constellation of Adromeda, which lies to the eastward. Sasiopela, which lies between the Pole star and Pegasus—Ursa Major—containing the dipper, will be found beneath the Pole star. The great triangle formed by the beautiful Vega of Lya, Altair in Aquila and Deneb in Sygnus is well to the westward this month and will soon disappear from our map. We urge all who possibly can to make observations of this gorgeous November display.
